26. Urban Foundation failed to, inter alia, prepare the Project site adequately for Underpinning to perform its work efficiently.

27. Underpinning's performance of its work was hampered by and/or interfered with by Urban Foundation.

28. As a result, Urban Foundation further breached the Subcontract, resulting in additional costs to Underpinning.

29. Underpinning has thereby been damaged in the sum of \$256,357.00, for which Travelers is obligated to issue payment under the Bond.

COUNT III

30. Underpinning repeats and realleges each and every allegation contained in paragraphs 1-29 as if fully set forth herein.

34. Each and every payment that Urban Foundation did issue for Underpinning's requisitions was made beyond the statutory due date.

35. By way of example, Underpinning sent its first four requisitions for payment to Urban Foundation on January 23, 2006, February 28, 2006, March 31, 2006, and April 30, 2006. Nevertheless, Urban Foundation did not issue its first payment to Underpinning until May 5, 2006. Moreover, although those requisitions totaled in excess of \$500,000.00, Urban Foundation sent a payment to Underpinning on that date for only \$94,212.00.

36. By way of further example, Underpinning billed Urban Foundation \$1,705,121.82 for work performed through May 31, 2006, yet Urban Foundation did not issue a second payment to Underpinning until June 27, 2006, and that payment was for only \$151,924.50.

37. Additionally, Urban Foundation has failed and refused to pay certain of Underpinning's requisitions.

38. By reason of the foregoing, interest is due to Underpinning under section 756-b(1)(b) of the New York General Business Law in an amount to be determined, but estimated to exceed \$205,000.00, for which Travelers is obligated to issue payment under the Bond.
